Alcohol Use Permit Application

All applications and functions held within the Sandwich Park District are subject to all of the laws and ordinances as indicated in the Park District General Ordinance (copies available at www.sandwichparkdistrict.org or at our office). In addition to these rules and policies, the following guidelines are also applicable for consumption of alcohol. The Sandwich Park District guidelines permit the consumption of alcoholic beverages only when the following alcoholic beverage use regulations are followed:

1. The consumption, not sale, of alcoholic beverages (beer and wine) is in concurrence with the park district policy, permission given to a recognized community group or responsible organization or adult individual renting a facility.
2. The consumer has completed the attached permit as well as paid the \$300 deposit at the time of rental. This deposit will be refunded after the facility has been inspected and released. The renter must be present at the rental and inspection at the end of the rental.
3. To sell alcoholic beverages, a park district permit is required along with a temporary liquor license from the City of Sandwich Liquor Control Commission.
4. To serve alcoholic beverages, groups must obtain host liquor liability insurance.
5. An approved security guard must be provided when alcoholic beverages are present. The guard must be a licensed, insured and uniformed officer. If a private security guard (s) is used, prior approval must be obtained by the Sandwich Park District Board of Commissioners. One security guard or officer is mandatory for groups of 70 or less when alcoholic beverages are being served. Groups of more than 70 are required to have additional security (1 officer for every 70 people). Based upon the nature of the event, additional security staff may be required based upon review and/or recommendation of the Park District Director. If sufficient security is not on site, the permit is subject to revocation. Additionally, special areas must be designated for alcohol distribution and consumption with a building, tent or shelter. Alcoholic beverages are not permitted on roads, roadways, or parking areas. **The serving of alcohol must cease one hour prior to the end of the contract rental time.**
6. The consumption of alcoholic beverages must occur in a Park District building or shelter. Consumption throughout the park is not permitted. A building is defined as any structure, permanent or temporary, that has a roof and/or sides. For tents larger than 10' x 10', a tent permit and permission is required.
7. Any person consuming or in possession of alcohol on park district property at the applied-for event, must have a valid government or state-issued picture identification card with them at all times, stating their age.
8. **All outdoor park/shelter rentals must end and the park vacated by one (1) hour after dusk.**
9. The Sandwich Park District Lightning Detection Policy will be enforced. At the first sign or warning of lightning or severe storms all residents MUST exit the park.
